Subject: [ChildrensDevelopmentalClinic] SECAC-PG Meeting, Tuesday March 22, 2022, 6:30pm - Evening with Dan Habib

To: secacpg@groups.io <secacpg@groups.io>, ChildrensDevelopmentalClinic@groups.io <ChildrensDevelopmentalClinic@groups.io>

Good Evening! Hope all is well and safe!

Join us for an Evening with Dan and Samuel Habib (pronounced “Habeeb”). Dan is the creator of the award-winning nationally broadcast documentary films including Samuel, Who Cares About Kelsey?, Mr. Connolly Has ALS, Intelligent Lives, and many other short films on disability-related topics. He uses his films to lead discussions about the challenges and benefits of inclusive education and disability rights at film festivals, schools, and conferences across the country and internationally. Dan also served on President Obama’s Committee for People with Intellectual Disabilities – a committee that promotes policies and initiatives that support independence and lifelong inclusion of people with intellectual disabilities.

Samuel, Dan’s Son, is a 21 year-old college student living with a neurodevelopmental disorder. In high school, Samuel was on the school yearbook staff, the school television station, and played “Unified Sports” track, basketball, and soccer. Samuel is working towards a career as a multi-media storyteller in film and other mediums.

So, join us at our monthly meeting from the comfort of your own home through the use of technology. Dan and Samuel Habib will share about their new work-in-progress film, *Disability Road Map*, and discuss their strategies for creating a culture of inclusion in the family, school district, and community, and plan for a full adult life. And as always, our meetings are free and open to the public. Parent and community engagement are a key component in student success. We welcome your attendance and participation in our informative meetings.

While we generally schedule specific topics for our meetings, we are always open to hearing your individual comments or concerns. If you have an immediate concern, please feel free to contact us. We can arrange for you to speak directly with a PGCPs representative. We are committed to solving problems at the schoolhouse level.

If you have a global question, comment or announcement pertaining to special education or community events, we can schedule to have you speak at the meeting. Please contact me so that I can add your name to the agenda. To ensure we allow adequate time for our scheduled topic(s), we ask that your comments be limited to three minutes.

Our meeting will be held online. Request for interpreters can be made by contacting Troy Sampson at w.troysampson@outlook.com.

We look forward to “seeing you” virtually on **Tuesday, March 22, 2022, at 6:30 pm**. Please find below the information to join us virtually:

Topic: SECAC-PG November Meeting
